

KELLY KABUCYE

Software Engineering Student — Adventist University of Central Africa

Kigali, Rwanda | +250 790 804 332 | kel.kabucye@gmail.com | github.com/KabucyeKelly | linkedin.com/in/kelly-kabucye-70b6822a7

PROFESSIONAL SUMMARY

Software Engineering student at AUCA with hands-on experience in Java system design (RMI, MVC, Hibernate) and automated testing (Maven, JUnit). Branching into Python and data analytics (SQL, Power BI), with hands-on networking fundamentals from Cisco coursework. Builds and tests full applications end-to-end, from requirements through automated testing.

TECHNICAL SKILLS

Languages & Frameworks: Java (RMI, Swing, Hibernate, Spring Boot) — primary; Python (exploring); SQL / PL-SQL; JavaScript

Testing & Tools: Maven, JUnit, Git / GitHub, VS Code, Android Studio

Data & Analytics: Power BI, SQL-based data analysis, Oracle Database

Networking: Cisco networking fundamentals, device configuration, computer hardware basics

Productivity: MS Office, Google Workspace

PROJECTS

Airport Check-In & Boarding Management System *Java · RMI · Swing · MVC · DAO · Hibernate*

- Designed and built a client/server airport check-in and boarding system covering bookings and staff management.
- Diagnosed and fixed defects in booking creation, duplicate code generation, and CRUD operations across the DAO layer.

Automated Test Suite — Software Testing Techniques course *Java · Maven · JUnit*

- Set up a Maven-based Java testing environment (JDK 21) and wrote unit tests targeting boundary-condition logic, working through and resolving test failures.

PL/SQL Window Functions — Umwalimu SACCO case study *SQL · Oracle*

- Applied SQL joins and window functions to a real-world savings-and-credit cooperative case study.

Uber Fare Analysis *Power BI*

- Analyzed an Uber fares dataset to surface pricing and demand patterns.

Agriculture Yield Analysis — Rwanda, 2000–2027 (capstone) *Python · Power BI*

- Analyzed factors affecting maize and bean yields in Rwanda.

CERTIFICATIONS

Introduction to Network Operations — Internet Society (Nov 2025)

Networking Basics — Cisco (Jan 2025)

Networking Devices and Initial Configuration — Cisco (Jan 2025)

Computer Hardware Basics — Cisco (Jun 2024)

WORK EXPERIENCE

Teacher, Excella High School Rwanda *Kigali, Rwanda · Feb 2023 – Apr 2026*

- Taught Math and Physics in the Montessori program, grades 7–12.

EDUCATION

Adventist University of Central Africa *Kigali, Rwanda · 2024 – Present*

- BTech, Computer Software Engineering

Nu Vision High School *Kigali, Rwanda · 2017 – 2022*

LANGUAGES

Fluent: Kinyarwanda, English • Working knowledge: Kiswahili
